

Betrayer! (2012)

Hind

His friendly smile, his charm and style,
Yet all the while, he's stealing your dreams.
A wolf in sheep's clothes, strikes a trusty pose,
No one really knows, he's not all that he seems.

Chorus

He's a shape-shifting snake,
A self-loving fake,
The one you've got to hate.
Betrayer! Betrayer! Betrayer! Betrayer!

He'll infect your mind, it'll turn you blind,
And soon you will find, you're under his spell.
Abandon your friends, can not make amends,
Deceit - it never ends, your life's become hell.

Repeat Chorus

In time you will pay, don't stand in his way,
You'll regret the day, the betrayer found you.
He will sell you out, and spread lies about,
There is no doubt, he'll betray you too.

Repeat Chorus

I'm going to take him down! I'm going to take him down!
I'm going to take him down! I'm going to take him down!
