

# **Cyclone**

## **Macnab**

### **Verse 1**

Warper of words, slippery as a snake.  
Destroyer, blackheart.  
Spawner of nightmares, stealer of souls  
Left for dead, like road kill.

### **Bridge**

You are turbulence, You spin me around .  
You are turbulence, Twisting like a twister.

### **Chorus**

You are a dark storm, Turning like a cyclone  
You are a dark storm, Tearing me apart like a cyclone

### **Verse 2**

Living a lie, an empty husk of a shell.  
Brain damaged.  
Cast aside, I fall to the floor.  
Left discarded, a broken toy.

### **Repeat bridge and chorus**

### **Middle 8**

Where is the hope? Where is the peace ?  
Where is the love ? Where is the faith ?  
Where is the faith ? Where is the love ?  
Where is the peace? Where is the hope ?

### **Repeat chorus**
