

# Depth Charge

Macnab

Don't be afraid, just believe – waiting for a miracle!  
Sitting here in the summer sun – waiting for a miracle!  
My heart aches for a change – waiting for a miracle!  
The tears they flow like a flood – I'm just waiting for a miracle!

So sing through it all, Sing through the pain!  
Sing through it all, Sing from the depths of your soul!  
So sing through it all, Sing through the pain!  
Sing out of the darkness at the centre of the storm!

*Depth Charge! (x4)*

Say goodbye to yesterday – waiting for a miracle!  
Tomorrow's hope just be won – when you're waiting for a miracle!  
My heart aches for a change – waiting for a miracle!  
To run with you beyond the setting sun – waiting for a miracle!

Repeat Chorus

Watch and wait, at heaven's gate! (x4)

*Depth Charge! (x4)*

The present is a gift you say – waiting for a miracle!  
So hard to accept the day – while you're waiting for a miracle!  
My heart aches for a change – I'm just waiting for a miracle!  
Sat here on heaven's gate – I'm just waiting for a miracle!

Repeat Chorus

Watch and wait, at heaven's gate! (x4)

*Depth Charge! (x4)*
