

# Sunshine Drive

Macnab

Sunshine melts the broken hearts  
Warm words blow the clouds away  
A smile radiates through a crowd  
Shoulder the burden together, Life is hard!

Rain pours down, stream the tears  
Trials age, laughter removes the years  
Spring sun melts the ice away  
World turns on, It's a brand new day!

Turn the music on, Sing a new song  
Turn the music on, Sing a new song  
Turn the music on, Sing a new song  
Makes you feel alive, On a Sunshine Drive!

Flowers bloom in fields of despair  
Light and dark, everywhere  
Stand on ground above the abyss  
Cast the past away with a loving kiss!

Turn the music on, Sing a new song  
Turn the music on, Sing a new song  
Turn the music on, Sing a new song  
Makes you feel alive, On a Sunshine Drive!

Sunshine melts the broken hearts  
Warm words blow the clouds away  
A smile radiates through a crowd  
Shoulder the burden together, Life is hard!

Turn the music on, Sing a new song  
Turn the music on, Sing a new song  
Turn the music on, Sing a new song  
Makes you feel alive, On a Sunshine Drive!
